## Background

Compliments are expressions of praise, encouragement or gratitude about service, staff, management and program. Compliments provide valuable feedback about the level of satisfaction with service delivery and are a valuable indicator of the effectiveness of a service. Compliments impart useful insights about the aspects of service that are most meaningful to children, families and stakeholders, and provide an opportunity to recognise the efforts of staff, foster a culture of excellence and boost morale.

Complaints may be received from anyone who comes in contact with Hampton Park Care Group Inc. including parents/guardians, volunteers, students, members of the local community and other agencies.

In most cases, dealing with complaints will be the responsibility of the approved provider (Board of Governance). All complaints, when lodged, need to be initially assessed to determine whether they are a general or a notifiable complaint (*refer to Definitions*).

When a complaint has been assessed as 'notifiable', the approved provider must notify Department of Education and Training (DET) of the complaint. The approved provider will investigate the complaint and take any actions deemed necessary, in addition to responding to requests from and assisting with any investigation by DET.

There may be occasions when the complainant reports the complaint directly to DET. If DET then notifies the approved provider about a complaint they have received, the approved provider will still have responsibility for investigating and dealing with the complaint as outlined in this policy, in addition to co-operating with any investigation by DET.

DET will investigate all complaints it receives about a service, where it is alleged that the health, safety or wellbeing of any child within HPCH may have been compromised, or that there may have been a contravention of the *Education and Care Services National Law Act 2010 and the Education and Care Services National Regulations 2011*.
